(313) 533-2331

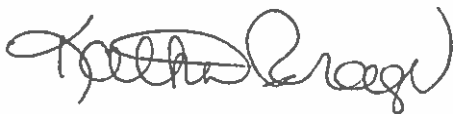

September 6, 2016

Attention Matt Vallevand,

We recently had lead testing completed on the children's small bathroom adjacent to the classroom area.

The testing showed that some lead was present in the pipes. We will no longer be using this bathroom for the children or staff. We have posted a sign and moved a cabinet in front of the bathroom door.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kathy Prager', written over a horizontal line.

Kathy Prager

Director
